

I tip my hat to the woman
who takes care of everything.

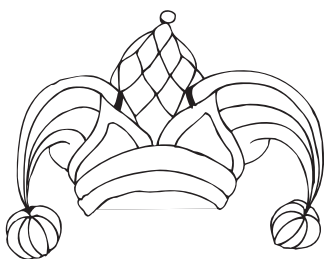

You cook for me.

**You take care of me
when I'm sick.**

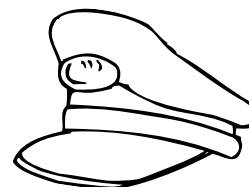

You find my lost toys.

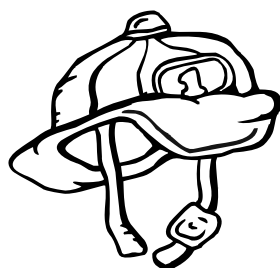

You have fun with me.

**You teach me
new things.**

**You keep me out of
trouble.**

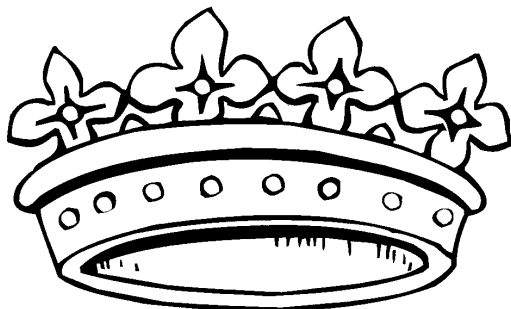

You keep me safe.

**You take me where I
need to go.**

**You clean up
after me.**

You're my queen!
